A SEASON FOR SHARING

This holiday season we are continuing a theme of sharing at Derby Elementary School. We are asking that children and parents **not bring** a holiday gift for a teacher or adult. Similarly we **are not** planning a student gift exchange for grades PreK – 6. We are again focusing on ways that we can share with others less fortunate. During the collection period November 30 through December 15, we are inviting staff members, children, and community members to donate an item to the **Ways to Share** program. Boxes will be set up in the lobby for you to drop your food items, toys, and cleaning supplies. Thank you for sharing with our community members in need.
